Limestone mouldings profiles

BRUHN Limestone offers a range of solid natural limestone decorative moulds that can be used on a variety of applications. Whether you are looking for plinth, eave, window, wall band or corbels, BRUHN Limestone has a wide range of options and solutions for your building project.

Detailed below is the range of profiles BRUHN produce, all of which are 660mm in length.

Please note: Although these profile illustrations are accurate, they are not in scale in relation to each other. Depths and widths vary on the majority of these moulds and to obtain advise on size options please phone the BRUHN office on (08) 8721 8000 or email admin@bruhnlimestone.com.au.

All measurements are specified in millimetres
